### a curriculum for entrepreneurial thinking

The Young Pioneers learning ecosystem uses a holistic approach to teach students how to look at the world through an entrepreneurial lens.

### Coursebook

A comprehensive syllabus by Cambridge University Press & Assessment, on the **fundamentals of entrepreneurship** (Beginner, Intermediate and Advanced) to be covered over three years, focusing on business planning and ethical practices.

In-person | One 45 minute session every week

### **Teacher Training**

A range of reading and viewing material to guide teachers on conducting the classroom portion of the programme through familiarisation with course content and pedagogy, **experiential teaching methodologies**, and access to an assessment database for grading students.

Online | Two 3 hour sessions

#### **Masterclasses**

A series of interactive masterclasses led by startup founders and industry experts, training students to identify opportunities, develop ideas and tackle business challenges, through activities inspired by real-world examples.

Online | One 60 minute session every month

# a test of entrepreneurial excellence

The Young Pioneers programme offers students an opportunity to test their knowledge, gain practical experience and present their ideas on a national stage.

#### All-India Quiz

A test of entrepreneurship concepts covering business fundamentals and marketing strategies, with twenty five multiple-choice questions and one longform writing assignment to shortlist participants for the mentorship stage.

In-person | To be conducted in school

#### Mentorship

A series of sessions for the shortlisted participants by **B-school faculty and well-known entrepreneurs**, enabling students to prepare a business plan, and develop presentation and communication skills to pitch their ideas.

Online | Two consecutive Saturdays

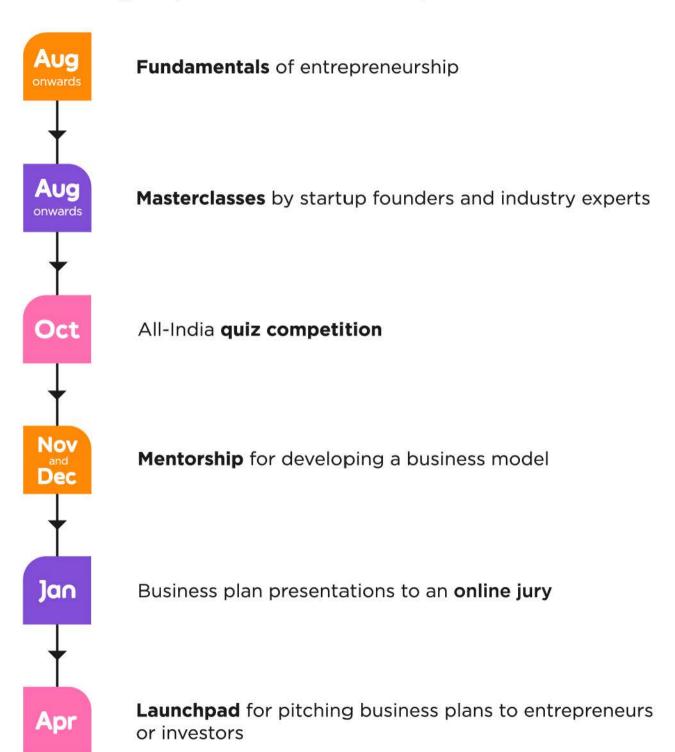

### Launchpad

A platform for the shortlisted teams to **present their business ideas** to a panel of entrepreneurs and investors, receive constructive feedback, and gain insights.

## an academic calendar for entrepreneurial growth

Over three years, students will be guided through the Beginner, Intermediate and Advanced levels by focusing on the **fundamentals of entrepreneurship**, engaging them in **masterclasses** by industry experts and encouraging collaboration with their peers, and culminating in a **presentation showcase** to potential investors.

## a transformative programme compliant with NEP 2020 guidelines

Young Pioneers aligns with the fundamental principles of the **National Education Policy 2020**, fostering a growth mindset in students, with a focus on the following aspects:

Creativity, critical thinking and problem solving

Financial and digital literacy, and business skills

Adaptability, collaboration and leadership skills

Ideation and business development skills

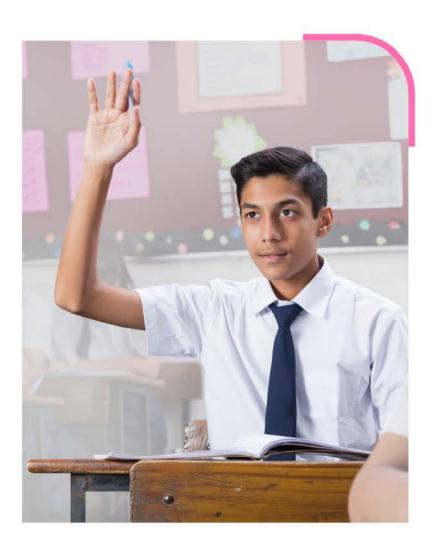

Networking, accountability, and resourcefulness

# empowering the minds of tomorrow

Young Pioneers is designed to help students develop the curiosity to explore, the creativity to imagine and the confidence to build the world of tomorrow.

Let's work together to inspire the next generation of thinkers and innovators to create their own opportunities and build their own futures.
